COLEMAN ELKS BURN MORTGAGE ON BUILDING

A memorable occasion was held in the Elks hall in Coleman Saturday evening when some 275 Elks and their guests attended an affair in Coleman to celebrate the thirty-third anniversary of the Coleman Elks Lodge and to burn the bond on the recently purchased Elks building.

Following a hot turkey supper served by the ladies of the Royal Purple Lodge, Charlie Freeman, president of Elks Building committee, expressed his thanks to the many persons in Coleman who assisted with the remodeling of the hall. Mr. Freeman then introduced District Deputy Grand Exalted Ruler Roy Ursal of Fernie.

Brother Ursal highly commended the Coleman Elks for a job well done and commented on the extreme effort the Coleman Elks had put forth to remodel into such a fine hall and pay off a debt of some \$15,000 in the short space of four years. Brother Ursal and Brother Freeman then burned the bond clearing the building of all debt.

Following this ceremony Honored Royal Lady Ethel Kostelnik of Coleman O.O.R.P. sang a solo "Bless This House", after which District Deputy Supreme Honored Royal Lady Anne Vasek of Coleman expressed congratulations to the Coleman Elks from the district. Exalted Ruler Henry Zak then called on Brother Jack Goulding and presented him with his 20-year membership pin, for which Mr. Goulding expressed his thanks. Brother Freeman then called upon Mr. and Mrs. Lawrence

Caroe and presented the couple with a gift for the fine work they were doing in looking after the Elks hall.

Mr. Freeman then called upon Exalted Ruler Henry Zak and commended him for the great services he had rendered the Coleman Elks over the past years. He then presented Mr. Zak with a gift of appreciation from the Lodge.

An installation ceremony was then held conducted by District Deputy Grand Exalted Ruler Roy Ursal, assisted by Past Honored Royal Lady Mildred Zak of Coleman, assisted by the O.O.R.P. drill team.

The new slate comprised:

Past Exalted Ruler Henry Zak Jr.; Exalted Ruler, John Holyk; Leading Knight, Stan Oslow; Loyalty Knight, George Taggart; Lecturing Knight, Glen Ponton; Secretary, Jack Roehlin; Secretary-Treasurer, Bob Findlay; Chaplain, Toby Collins; Ensign, Rudy Yetli; Inner Guard, Clarence Clarke; Tyler, Rudy Szymanski; three-year Trustee, Harold Nelson; and Historian, Charlie Freeman.

Following the ceremonies refreshments and a social evening of dancing was enjoyed by all.

Grand Union Coffee Shop Hit By Fire

Coleman Volunteer Fire Brigade was called out at 5 o'clock Sunday morning to fight a blaze that began in the coffee shop of the Grand Union Hotel.

According to Fire Chief Henry Zak, Jr., the fire began behind an electric stove in the coffee shop, but the blaze was not an electrical fire.

He stated the 16-man brigade had much difficulty in controlling the fire as the fire spread into air vents in the walls.

Mr. Zak highly commended hotel manager Harry Tucker, a former Calgary fireman, whose past experience greatly aided the local brigade.

After examining the fire, Mr. Tucker turned several extinguishers on the blaze, then without causing any panic, calmly evacuated all patrons of the hotel. The fire was spotted by night watchman Alex Galbraith, who turned in the alarm.

Considerable damage was done to the walls of the coffee shop, but amount of the damage has not yet been estimated. Insurance was carried.

Springhill Mine Disaster Fund

Mrs. Nora Goulding, secretary of the Coleman campaign for the drive for funds for the "Springhill Disaster Fund" has announced this week that the drive has realized a total of \$439.01.

Organizations in Coleman contributed the sum of \$230.00 while various individual donations totaled \$90.50. The tag day held in Coleman last week realized a figure of \$58.51.

A meeting called recently by the Coleman Lions Club on behalf of the town of Coleman saw 30 local organizations represented at the affair with the main purpose of the meeting pointed at setting out an organized drive to raise funds for the Springhill miners.

Through the Courtesy of The Canadian Bank of Commerce in Coleman individual persons wishing to make contributions to the worthy cause can do so at the local bank and official receipts will be issued to the donors from the Eastern headquarters.

The drive for funds will continue in Coleman for some time after which an official announcement of all funds collected will be made.

RCEME PASSING OUT PARADE IS COLORFUL CEREMONY

A father and son banquet was held in the Squadron headquarters in Blairmore Saturday evening for the Junior NCO class of the 31st Technical Sqdn. RCEME (M) Blairmore. Some 80 persons attended the affair, sponsored by the officers and men of the squadron.

Following the turkey banquet, Col. Morgan, Commander EME, gave an interesting talk outlining the duties, chores and curriculum of the RCEME training.

Major Salter, Western Command staff officer GS01 militia, also addressed the gathering, pointing out that the militia were still the reserve troops of Canada and outlined some of their duties stating that the militia were often called upon in Civil Defence work.

M. D. McEachern, superintendent of the Crow's Nest Consolidated School District No. 78, was also present and spoke on the fine characters of the boys in the militia.

Following the dinner which was conducted in full military fashion, the young men were given the opportunity of having a man-to-man interview with Col. Morgan, as the youths were not in uniform. Parents present at the affair were highly impressed with the colorful function. The affair concluded after films were shown.

The affair continued on Sunday afternoon at 2 p.m. when a passing out parade of Junior NCO's was held on the parking lot of the Greenhill Hotel.

A vote of thanks is extended to J. Kuhik for the use of the lot and to the town of Blairmore for having cleared the lot of snow for the affair.

The colorful parade held against a background of snow covered mountains proved very impressive as the officers taking the salute were fully dressed in their regimental blues and the Union Jack

flew proudly against a clear blue sky.

Following the critical inspection by Col. Morgan who also took the salute, each of the Junior NCO's were presented with their diplomas.

During the full military procedure the 31st Technical Sqdn. RCEME band were in attendance. Onlookers at the affair and veteran soldiers who were in attendance highly commended the young men for having performed a ceremony that would have been a credit to any adult servicemen and also commented on the sharp tones of command and deportment of the youth that were a sensation.

Following the passing out parade visitors and guests were then treated to coffee and doughnuts in the reception hall of the RCEME, where parents who had never witnessed such an occasion before, were extremely impressed with the training and polish the RCEME is giving to the youth of the Pass district.

Col. Morgan also highly commended the local lads for a job well done and commented on the high standard that is being practiced by the local RCEME.

He also added that the unit is a credit to the Pass people, having lads of this calibre in the district.

During the affair the unit trophy for the best NCO in the class was presented to Craftsman K. K. McDonald of Bellevue, who was the class commander for the parade. J. E. Squarok of Bellevue, was class sergeant for the parade.

TB Christmas Seals Are Mailed

Mr. E. A. D. McCusick of Edmonton, president of the Alberta Tuberculosis Association, announced today the completion of weeks of preparation by voluntary commit-

tees throughout the province with the mailing, during the past few days, of Christmas Seals in the opening of the campaign to raise \$230,000 to aid in the eradication of tuberculosis.

The Association's program includes case-finding, rehabilitation of TB patients, nursing services,

welfare and health education. The campaign in Lethbridge is sponsored by the Kinsmen Club of Lethbridge.

In connection with the campaign Mr. McCusick said "That the number of new cases of TB being discovered in Alberta is increasing every year is indicated by the fact

that there were 1307 last year compared with 1133 the year before and 978 four years ago. This is contrary to the experience of other provinces in Canada where the number of new cases is gradually declining. We do not really believe that the incidence of the disease is actually on the increase, but rather that our expanded efforts are bearing fruit in that the disease is being discovered earlier as the result of the examinations of more people, and it is our intention to continue to devote every effort to the case-finding phase of our operations. Thus far during 1958, our mobile units, in co-operation with the Department of Health, have X-rayed over 95,000 Alberta people and by the year end we expect to far surpass the 105,000 examined last year."

Mr. Bob Ranson of Lethbridge, in commenting upon the campaign in Lethbridge and district of which he is chairman, said "We have no doubt we will be successful in raising \$21,000 which is our share of the provincial objective. That TB is still a serious health problem in Alberta cannot be denied, and we are confident our friends will support us as they have so splendidly in the past. We ask that they buy and use the Christmas Seals on all their mail, and in this way let their friends know that they are with us in the fight to bring this disease under control."

Contributions may be sent to the Kinsmen Club of Lethbridge, TB Christmas Seal Sale Fund, Box 52, Lethbridge, Alberta.

"See Better... Learn Better" Week

Reading among school children might be improved up to 60 per cent, according to results of a study made at Langley, B. C.

The study was carried out among a large group of children with the co-operation of the Langley School Board, the Provincial School Inspector and the school staff of the British Columbia Optometric Association.

Children who were not achieving as much as it seemed they should in school were given special visual skills training to find out what this would achieve in terms of better school work.

As the groups progressed it was compared with another group of similar children who were not given any special training.

The specially trained group showed remarkable improvement, especially in reading. They improved at the normal rate plus 60 per cent.

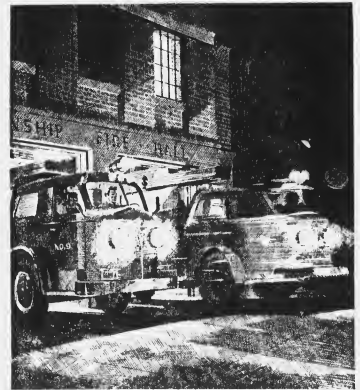

It is apparent, reported the B. C. Optometric Association, that this and other research shows the value of visual skills in relation to education.

The Alberta Association sponsored a "See Better — Learn Better Week", to bring to the attention of the public the importance of vision in learning.

Reliability implies an adequate supply of the products you depend upon... when and where you need them, at reasonable prices.

Scout and Cub News

A Group committee meeting was held on November 12 last at the Grand Union Hotel under chairmanship of John Salus.

The secretary, Mrs. Skymanek, showed the meeting a "thank you" card to be sent along with a gift to Rev. F. A. Dykes, now attending University of Oxford, England. This card has been signed by all the Cubs who were under his brilliant and unselfish leadership for so long and is their expression of appreciation.

Next, reports were presented by the Scout and Cub leaders on their Troop and Packs. Excellent progress is being made and the 88 registered boys are all studying hard as evidenced by the number and variety of tests recently passed.

A report was received on the Bottle Drive and Apple Day, both proving financial successes. Thanks are extended to all who helped to make these two days so profitable.

A financial report showed that the reorganization of the Scouts and Cubs, new equipment, and the registration fees have caused a severe strain on the committee funds. The Coleman Lions Club, sponsors of the local Scout and Cub group, are to be approached for a further grant.

Dissatisfaction was expressed by the Scouters at having no permanent home for the boys. Present accommodation, although very much appreciated by all, is unsuitable in that the steel pillars

and cement floor are somewhat dangerous to the younger set. During the past few months committee members have completed a survey of old buildings in Coleman in the hopes of locating one that could satisfactorily be used or renovated as club rooms. As this survey uncovered nothing suitable the discussion turned to the number of halls in Coleman that could advantageously be used.

It's a shame that hall rents have to apply to such a worthy cause, that one of the organizations as their contribution, could not give the Group Committee the use of their hall for the Scouts and Cubs. It's a shame that our boys are considered such destructive delinquents that some halls can not be rented at any cost. It's a shame that faith can not be placed in the ability of the Scouters and the committee to see that damage is not done to the halls.

"A monument they stand from this day forth."

As an aftermath of this discussion certain groups will be contacted re halls and Mr. Howard volunteered to carry the problem to the Lions Club in the hopes that they would be able to spearhead a drive for a Scout hall.

Further progress brought mention of Brownies and Guides for the young girls of Coleman.

The Committee felt at this time that this could not be taken on as there is a lack of leadership, funds, and an adequate place for them to meet.

A District Council meeting made up of Coleman, Blairmore and Pincher Creek will be held in Coleman December 5th next.

All Group Committee members are urged to attend.
